WHAT TO EXPECT?

200 of the finest cars on the planet, 3 action packed days of adrenaline-fueled adventure, unimaginable days and unforgettable nights, free family festivals in each host town, €1.9 Million raised for Irish children's charities to date, a media value of over €10 million, 850KM of Irish open roads, Brazilian dancers, live music, air displays and the awesome sight of almost 300,000 spectators waving chequered flags in a frenzy of anticipation.

WHERE

THE ROUTE

This year, Cannonball will blast off once again from the central location of Johnstown Estate in Enfield Co Meath on the morning of September 12th. Cannonball will blaze a trail around the Country in spectacular style with the first finish line in Kerry on the evening of Day 1. The finish line on Day 2 will be in Sligo, where we have had record crowds, and on Day 3, the final dramatic finish line will be in Naas Co Kildare. 2024 saw record numbers of spectators at every bridge and cross-roads and the finish lines were supercharged with an electric atmosphere.
